

MAXILLOFACIAL PROSTHODONTICS: SCULPTING FINÉSSÉ

The Department of Prosthodontics And Crown & Bridge, Subharti Dental College & Hospital, Meerut organized a two day CDE & Workshop on 21st & 22nd April, 2016 on the topic “**Maxillofacial Prosthodontics: Sculpting Finéssé**” with the objective of reconstructing the patients with maxillofacial defects.

The chief guest of the event was **Dr. Himanshu Arean (President-IPS, Director Principal, Seema Dental College & Hospital, Rishikesh)**. The two eminent Prosthodontics **Dr. Veena Jain, Prof. & HOD, Dept. of Prosthodontics, AIIMS, New Delhi & Dr. Gunjan Pruthi, Asstt. Professor, Dept. of Prosthodontics, AIIMS, New Delhi**, were course mentors.

The first day pre lunch session included lecture on Diagnosis & Treatment Planning of Maxillofacial Prosthesis by Dr. Veena Jain in which all the details essential for diagnosis and treatment planning for defects in the maxillofacial region (Eye, Nose & Ear) were elaborated.

The second lecture was on fabrication of different type of facial prosthesis which included the impression making technique and color matching.

The post lunch session included “Hands-on” on shade matching and packing for silicon elastomer ear prosthesis. The silicon material and color for staining were provided by the Department of Prosthodontics to all the delegates.

There was also an E – Poster competition on the topic “Maxillofacial Prosthodontics – An Update”. The post graduates from Himachal Institute of Dental Sciences, Paonta Sahib, won the first prize.

This brought us to the end of two day CDE and workshop. Both the course mentors were honored with Memento as a token of appreciation.
