

## **GUEST LECTURE**

**Topic: How to become a Dentist in USA? Road Map to US Dental Schools: BDS to DDS**

**GUEST SPEAKER: Dr.Kanika Singh (alumni 2008 Subharti dental college )**

There are various career options after BDS like pursuing MDS, starting own practice, working as an associate dentist and moving abroad. Seeking higher education or job in other countries has gained momentum in recent years and moving to The United States of America is kind of a dream for many dentists in India.

Keeping in mind the interest of budding dentists, undergraduates and postgraduates regarding pursuing DDS in the United States of America, a webinar was organized by our department, department of Orthodontics and Dentofacial Orthopedics with the aim of guiding, motivating, and benefiting young dentists for pursuing DDS in the United States of America by our alumni, Dr. Kanika Singh on the topic “Road map to US dental schools: BDS to DDS” .

The webinar was live telecast on various social media platforms like Facebook, YouTube and Subharti University social media channel. since the topic was a hot cake for many budding dentists it was well received and was a grand success in terms of its reach. The same can be easily understood looking at the number of participants attending the webinar which was as good as 140. Not only this, the webinar was also an opportunity for the students of Subharti Dental College to get to know about their alumni and get motivated and also it was an opportunity for the alumni guest speaker to address and interact with young minds whom he/she can guide and share experiences with. Connecting with the alma mater was a great chance as experienced and shared by the guest speaker.
