

“LATEST INNOVATIONS IN PIEZOSURGERY”

DATE: 05th April, 2018

VENUE: Pre-clinical Orthodontics Lab, Subharti Dental College & Hospital, Meerut

Total Number of Participants: 50

Department of Periodontology organized a Hands-on workshop on the topic “Latest Innovation in Piezosurgery”. The objective of the workshop was to educate the post-graduate students about various periodontal surgical procedures like maxillary sinus lift, bone block harvesting etc. that can be performed using the Piezosurgery Unit. The workshop was attended by PGs of Department of Periodontology, Oral & Maxillofacial Surgery & Prosthodontics.
