

Report of Rotary Endodontics

A one day UG activity on Rotary Endodontics was conducted for UG students & Interns of Subharti Dental College & Hospital on 11th October 2022. Guest speaker Dr. Shrey Dhawan, enlightened the students on the concepts of Rotary Endodontics and different file systems. The lecture was conducted in LT-4 followed by demonstration & hands on course in Conservative Pre- clinical lab.

The event was collectively organized by the Department of Conservative Dentistry & Endodontics & Department of Paediatric Dentistry. A total of 118 (90 students for lecture & 28 for Hands on) students participated in the course and learned clinical tips to ease the problems encountered during Root canal treatment. The UG clinical activity ended with valedictory function and certificate distribution for all the participants.
