

29TH NATIONAL CONFERENCE OF INDIAN ASSOCIATION OF ORAL AND MAXILLOFACIAL PATHOLOGISTS ON MAXILLOFACIAL INFECTIONS: EVOLVING PARADIGMS HELD FROM 11TH TO 13TH NOVEMBER 2022

The department of Oral and Maxillofacial Pathology & Oral Microbiology is proud to have successfully conducted the 29th IAOMP National conference which was well attended by keen participation of more than 600 delegates across India from 11th to 13th November at Dehradun, Uttarakhand. The theme of conference was “Maxillofacial Infections: Evolving paradigms”, and the topic was important in the current prevailing scenario of pandemic. The scientific milieu included Pre conference courses, keynote lectures, plenary talks, interactive panel discussions, slide seminar, paper and poster presentation sessions, Competitions for Postgraduates and Faculty.

The conference aimed to arouse an interest in this less explored field of maxillofacial infections and was fruitful and useful for all who attended.
